THE 1978 TERRAPIN OUTLOOK

It will be a veteran University of Maryland lacrosse team returning for the 1978 season. Coach Bud Beardmore had only six seniors on last year's team that won the Atlantic Coast Conference Championship and finished with a 9-2 record and played in the NCAA Championship for the seventh consecutive year.

Missed most will be second team all-American attackman Mike Hynes, the team's leading scorer (65 points) with 21 goals and 44 assists. Hynes completed his brilliant career as the all-time eighth ranked scorer in Maryland history with 151 points. He also now ranks sixth on the Terrapin assist list with 91. He also climbed to fifth place for most assists in a season with his 44 last year.

The Terrapins, who lost only to Johns Hopkins during the season and in the NCAA tournament semi-finals a year ago, could be tough to beat this season. They are once again highlighted with depth.

"I'm very excited about this season," Beardmore said. "We have a good ball club and I think we can play with anyone.

"Our goal is to win the national title. Anything less than the championship will be disappointing to everyone. The team has accepted the challenge and they know the road ahead of us is a tough road. The team knows they fell down last year and they want to do something about it."

"We had a couple of scrimmages that pleased me very much. The team showed excellent effort and great enthusiasm. It has been encouraging," Beardmore concludeó.

The Terrapins, who have won two national titles during Beardmore's seven years as head coach, have a strong array with which to challenge Cornell for the title this season.

Heading the attack will be sophomore Bob Boneillo, and juniors John Lamon and Terry Kimball, plus Drew Tyrie, Mike Farrell and Rick Moyer. Boneillo leads the Terp returning scorers as he hit on 17 goals and 27 assists for 44 points. He will be a strong all-American candidate following his honorable mention selection as a freshman last season. Kimball, who canned 9 goals last year playing midfield, was moved to attack to provide more close scoring power. Of his attack, Beardmore said, "we feel we have an excellent attack. They have experience and know-how."

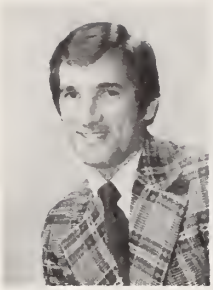
Leading the midfield will be a pair of returning all-Americans, senior Bob Ott and sophomore Pete Worstell, along with senior Tony Morgan. Worstell, a second team all-American as a freshman, scored a team high 28 goals and had six assists as he made a brilliant collegiate debut. Ott, a 3rd team all-America selection last season, is considered one of the all-time top face-off men in the nation and certainly one of, if not THE, finest face-off men for the Terrapins. Last year, Ott's unit won 132 and lost but 64 face-offs. Two of his 9 goals were scored in 6 and 7 seconds after taking the face-off. As a sophomore, with his capturing the faceoff, the Terps scored 38 goals within 25 seconds. Last year his unit streaked to 30 goals in 25 seconds or less.

Beardmore indicated that he will go with only two midfields, a departure for the Terps which normally runs as many as four and five midfield units, for the present early part of the season. "It is too early to think about more than two midfields. We'll see how things go and maybe run more later in the season," he said. The second unit could be Kevin McConnell, sophomore and transfer from Navy, Mark Shores and Rick Moyer. Barry Mitchell, who along with Moyer, was red-shirted last year will give more depth at the midfield spot than in the past. Backing up these units are Doug Sadler, Klay Johnson, Nick Manis, Ron Martinello and frosh Mike Blair.

Third-team all-America and captain Randy Ratliff heads the veteran defensive unit. With Ratliff are Ed Pray, Rich Shakespeare and George Miller. Farmingdale JC transfer Mike Voucas and Bob Holland figure to be the top contenders for playing time.

Bryant Waters and Nassau JC all-America transfer Sandy Kapatos have been waging a fierce battle for the starting goalie job. "Both are excellent goalies with contrasting styles. Waters, at 6-2 and left-handed and Kapatos, 5-9, is very quick in and out of the goal. We are going to use both when the situation arises," Beardmore said.

"BUD" BEARDMORE
HEAD COACH



C. A. "Bud" Beardmore will be entering his ninth season as head coach of the Maryland Lacrosse Team. A three time All American while attending the University, he returned to his alma mater in 1970 after winning the ACC title in '69 at Virginia. Two seasons after his return to College Park, Beardmore returned the ACC crown to Maryland and the Terps have parted with it only once since. In addition to returning Maryland to the top o the ACC, Terp teams have won two NCAA Championships and finished second three times.

Championships are nothing new for Beardmore. While attending the University he played on two conference winning teams. Following graduation in 1962, he coached Severn Prep to the Maryland Scholastic title in 1965. Two years later, as head coach of Hobart College, he led that team to the Cox Division Crown with a 9-4 record. In 1968 he assumed the head coaching position at the University of Virginia and the following season led them to their first ACC title in five years. His two year record at Virginia was 14-9.

Since his return to Maryland, the Terps have won 82 games while dropping 22. They have appeared in NCAA post season competition seven times winning national titles in 1973 and 1975. Three times they have finished second in the tournament losing to Cornell twice, 1971 and 1976 and once to Johns Hopkins in 1974. Only once since the NCAA Tournament began has a Maryland team not appeared in the finals. No other team can make that claim.

Until recently Beardmore was the highest scoring midfielder in Maryland lacrosse history having scored 108 points during his career. Frank Urso, a four time All-American and the only Maryland player ever to have his jersey retired, broke Beardmore's record while leading the Terps to a 49-8 record over four years and two national championships. Urso set a new school record for most goals in a career with 127 while scoring 208 points in 1975.

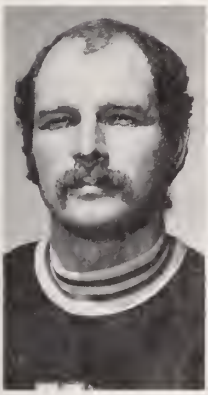
In 1973 Beardmore was presented the Morris Touchstone Award as the Coach of the Year in Division I. In 1974 he was the Head Coach of the World Cup Team that traveled to Australia to compete against Australia, Canada and England in the World Series of Lacrosse. The United States won all three games and were World Champions in 1974. He has served as the Treasurer of the U.S. Lacrosse Coaches Association since 1973 and is a member of the Executive Board of the U.S. Intercollegiate Lacrosse Association.

During his undergraduate days, he was a member of Phi Delta Fraternity, Omicron Delta Kappa and Kalegothos Honoraries and was named to Who's Who in American Colleges his senior year. Beardmore married the former Phyllis Balzer and has three children: Jimmy 14, Steve 13 and Susan 11.

MARYLAND ASSISTANT COACHES

JIM DIETSCH

Jim's home town is Baltimore where he attended Baltimore Polytechnic High School. After graduation from the University of Maryland in 1969 he served 3 years with the U.S. Army. In 1974 he started working with the Athletic Program as Asst. Soccer and Asst. Lacrosse Ciach. In 1975 Jim was named Head Soccer Coach while still remaining Asst. Lacrosse Coach. After his first year he was selected to serve on the South Selection Committee for the NCAA Soccer Championship. Also Jim was chosen to be Chairman of the All Atlantic Coast Conference Soccer Team Committee. Jim's duties with the lacrosse team include working with the face-off men as well as coordinating scouting. Jim is married to the former Barbara Yates who teaches at Buck Lodge Junior High School.



CRAIG HUBBARD

LACROSSE:
THE MARYLAND WAY

THE LEADERSHIP

Maryland's head coach is Clayton A. "Bud" Beardmore.

"I have always felt that the finest moments for an athlete, even aside from individual accomplishments, are those produced through belonging to a group which established itself as the best. Being able to reflect upon those moments after becoming the champion, is to enrich one's life forever. An experience such as this is something totally inconceivable to those who have never been part of a team. To be a champion is to be envied."

"Our coaching philosophy here at Maryland is a three-step program. The first has to do with dealing with the individual as a player. We feel we must treat each player as an individual with individual skills. We must help the player develop these skills to the utmost of his abilities.

"Secondly, we must mold the players' individual talents into a cohesive unit. We must do this to develop the best possible team effort.

"The third part of the philosophy deals with the player off the field. To the members of our team, we feel a strong obligation to see that he graduates as a useful member of society. To this end, we do not tell a student it is his responsibility to get an education, but we seek to share that responsibility.

"On and off the field, we make a commitment to our players. Our goal is to be the best on the field, in the classroom, in whatever we do."

THE FACILITIES

A player for the Terrapins goes first class all the way in his pursuit of being the best. He plays his home games in Byrd Stadium with a seating capacity of 45,000. All equipment is provided by the University, including sticks and personalized jerseys. The locker room is modern and fully carpeted, and includes the most modern weight training facilities available for player conditioning. The team has a choice of practicing on a regular grass surface, or an artificial turf field. Dorm facilities are exceptional, and team members are not required to live in a restricted athletic dormitory, but are encouraged to grow in the broadest possible collegiate setting.

The facilities of the College Park campus, one of the most beautiful in the nation, are obvious. An extensive student union, complete with movie theaters, bowling alleys, and book stores, provide for stage productions, clubs and extracurricular organizations, and an extensive series of special events including numerous rock concerts.

THE EDUCATION

Lacrosse is not the only part of a player's life. Every player recruited by Coach Beardmore is enrolled with the intention that he shall successfully complete a program leading to a bachelor's degree. The responsibility to see that each student has the utmost opportunity to successfully complete his academic program is seen by Coach Beardmore as a part of the trust a player places in him when he enrolls in the University.

Academically, the University ranks as one of the finest institutions of higher learning in the country. Its location near Washington, D.C. has drawn over 6,000 members to its faculty, and the school offers baccalaureate degrees in 122 different fields. The University presently ranks 28th out of the 227 universities in granting doctoral degrees.

In addition, the coaching staff has instituted a Big Brother Program for incoming freshmen. A varsity player, with similar major interests, is assigned to help each freshman adjust to his new scholastic and extracurricular life. A faculty academic advisor is made available to help all team members plan their academic programs, and tutoring is available for anyone having trouble in specific subjects.

THE GOAL

TO BE THE BEST

This four word phrase is the uncompromising goal of Maryland lacrosse. In practice, in competition, in the classroom, within the student body, members of the University of Maryland lacrosse team are dedicated to achieving the position of Number One. The goal is an ambitious one, but anyone who aims lower is not going to fit into the Maryland program.

When you aim for the top, you must pay the price, and anyone who believes that success comes without effort is fooling himself. The demands on a Maryland lacrosse player are great, but anything less would compromise our goal.

At Maryland, lacrosse is a year-round sport. The program starts with Fall drills, at which time the team learns the Maryland system and works on team coordination. The winter months are devoted to physical conditioning, and the Spring to the championship season at hand.

During Spring vacation, the workouts continue, but the practice site shifts from College Park to Boca Raton, Fla. The facilities of Boca Raton are made for lacrosse. Two bermuda grass fields, the most modern locker and training facilities; the stay in Florida is one of the season's highlights.

This, then, is lacrosse—The Maryland Way. The privilege is a great one as is the price. However, all of Maryland's players are willing to pay it, to be a part of Maryland's drive to Be the Best.

FRANK URSO

On January 22, 1977, the University of Maryland honored one of its many outstanding athletes by bestowing upon him the highest tribute an institution can offer, that of retiring the athlete's jersey. Frank Urso, a four time first time All American, was so honored when he became the first lacrosse player in the school's history to have his jersey retired.

"It was a great honor to have my number retired. I am well aware of all the great lacrosse players who have played here at Maryland, and being the first to have his jersey retired is certainly a great honor for me," commented Urso during the halftime ceremony.

"I certainly enjoyed my stay at Maryland, I played on two national championship teams and played in four national championships. I have learned a lot from Coach Beardmore, and I have learned a lot from the guys I have played with and played against. When someone mentions the word class, I think that is the best way to describe Maryland Lacrosse. Everything is done with being the best in mind and that is why I feel that Maryland is the best, and I would not have done anything different about my college career and college education."
